

# Atharva Pardeshi

*Software Developer*

# profile

- A self-taught software developer, who believes great software is easy to read, maintain and debug.
- I believe coding standards and best practices are absolutely critical for the long-term success of any software project.
- I see teamwork, open communication and compassion as the most key values for working together.
- Empathy, calm, and optimism help me deal well with everyday challenges and pressure.
- I strive to be curious, humble and ready to adapt believing those are the most important qualities to have for succeeding in the tech industry.
